with regard to operational guidelines, policies and specific response plans developed, adopted, or maintained by any public agency responsible for law enforcement, public safety, first response, or public health for use in responding to or preventing any critical incident which is or appears to be terrorist in nature and which has the potential to endanger individual or public safety or health [RSMO 610.021 (18) 1994].

Disclosure would impair the public governmental body's ability to protect the security or safety of persons or real property, and the public interest in nondisclosure outweighs the public interest in disclosure of the records, which warrants meeting in Closed Session on this subject.
