P.Z. 10-13 City Council of the City of Wildwood, c/o Department of Planning, 16860 Main Street, Wildwood, Missouri, 63040 - A referral to the Planning and Zoning Commission from the City Council of the City of Wildwood seeking its further review and consideration of the definition for the 'Suburban Residential Area' under the 'Conceptual Land Use Categories Map' of the City's Master Plan on a potential change to its text to address certain properties that abut, or are located, between the boundaries of the Town Center Area and existing developments approved by St. Louis County, prior to the incorporation of the City of Wildwood. This review of the definition for the 'Suburban Residential Area' does include the consideration of a greater density of units per acre on this limited number of properties than are currently allowed under its adopted text.
