

PAY ONLINE OR BY PHONE:

Traffic tickets can now be paid online quickly and easily. Defendants who are not contesting their violation can pay their fines with a credit or debit card online at www.TrafficPayment.com . Fines can also be paid via telephone at **1-800-444-1187**. Bilingual operators are available Monday thru Friday from 8:00 a.m. – 5:00 p.m.

Using the service requires having your citation in hand and completing the required information such as the driver's license number, the citation number, and the amount of the fine. The next step requires completing contact information such as address, telephone number and an email address in order to receive a receipt and confirmation number.

Online payments are only accepted from the 1st of the month until the 23rd of the month.

YOU MUST WAIT AT LEAST 7 BUSINESS DAYS AFTER YOUR TICKET HAS BEEN ISSUED BEFORE PAYING ONLINE

By paying your ticket online, you are entering a plea of guilty and a conviction will be entered on your record. This may result in points being assessed against your driver's license.

Any violation NOT listed on the violation schedule means you are required to appear in court to have your fines assessed. If you are required to send any proof or any other paperwork, you are NOT able to pay online until your required paperwork has been received by the Court. Proof of compliance, guilty pleas or other forms may be faxed to (636) 458-6969. If you have previously appeared in court and have been assessed a fine and court costs, you may pay online.

If you are unsure if you are able to pay online, please contact the court at (636) 458-8277.

You will be notified by TrafficPayment if your payment has been rejected.

Please note: you will be charged a convenience fee by TrafficPayment.com when paying online or by phone.
